

## Graphic Designer (*Digital focus*)

We're looking for a **Graphic Designer with a minimum of 2 years' experience** to join PROPER's award winning, in-house Creative team. As a close-knit team of 4, we are responsible for injecting colour, imagination and flair into everything that leaves PROPER's door. And with a hunger to be bigger and bolder than ever before, we are now on the hunt for a brilliant creative mind to help make it happen.

### The person:

This role is perfect for someone with a shed load of energy, passion and enthusiasm, keen to make their mark on one of the UK's most exciting food brands. You will be comfortable responding to both digital and print briefs, and the ability to animate is an essential skillset. Knowledge and understanding of web is also advantageous. You will have a brilliant eye for detail and a passion for nailing the little things that make all the difference. You will be delivering projects from start to finish, so it is essential that you are as brilliant at coming up with creative ideas as you are at executing them.

### The role:

You will be 1 of 3 designers helping to shape PROPER's visual identity. We do absolutely everything in-house so your role will be a real mix of:

- **Digital:** responding to all animation/digital briefs.
- **Designer across all day-to-day creative output:** including all internal and external comms (web banners, magazine ads, presentations, POS).
- **Packaging concepting:** coming up with creative concepts for new flavour and product launches.
- **Packaging artwork:** creating artwork files for new flavour and product launches.
- **Content and campaign ideation:** coming up with creative ideas for always-on social and campaign spikes.
- **Campaign execution:** bringing your and the team's vision to life through meticulously set-up artwork files.

### Requirements:

- Minimum 2 years' experience in-house or in a creative agency.

- Excellent creative portfolio with an equal mix of print and digital work (including animation).
- A portfolio that has a clear synergy with PROPER's aesthetic, including a solid eye for colour.
- Entirely proficient in Adobe Photoshop, Illustrator, InDesign, Premiere and After Effects.
- Meticulous eye for detail and lover of craft.
- Keen interest and awareness of visual culture.
- Confident in communicating and presenting ideas.
- Experience in web design and development is advantageous.
- Confident photographer and editor is also advantageous.

### About PROPER:

Cassandra and Ryan launched PROPER seven years ago, cold-calling and packing boxes of popcorn from their living room. Since then, we've grown into one of the fastest growing independent businesses in Europe and the number one premium popcorn brand in the UK. Our passionate team continue to have even bigger and better global ambitions, so there couldn't be a better time to join this incredibly dynamic and creative company.

Last year, we were awarded the "Best Brand to Work For" by Creative Pool. Our canal-side office is home to our team of 35 and several other ambitious start-ups. A 10-minute walk from Angel and Old Street, we have an in-house chef who makes us breakfast and lunch and you'll get unlimited holiday after 2 years at the company. Goes without saying you'll have an unlimited supply of popcorn as well!
